

Full-Time Mental Health Counselor

CPH Mental Health Counseling is expanding and looking to fill a position for a full-time Licensed Mental Health Counselor who will be counseling a small caseload of patients struggling with anxiety, depression, trauma, adjustment, and mood disorders. This individual will also be facilitating groups.

This position requires the candidate to be proficient in working directly with children, adolescents, and their families. The targeted age range for client's seen are individuals ages 8-25.

- Experience with group work is required.
- Experience with the LGBTQ community a plus.

Necessary Qualifications:

- Master's in Counseling and corresponding New York state license
- 2-3 years of experience working with children, adolescents, and families
- Individual / group counseling: 3 years (Required)
- Provide on-going treatment plans and updates to clients
- Outpatient counseling experience with children and adolescents
- Experience with direct service to clients by means of face-to-face sessions, mental health tele-sessions, and crisis support
- Engage regularly with community resources in order to promote continuity of care

You are an ideal candidate if you:

- Are a **Licensed Mental Health Counselor (LMHC)** in New York State (***required***)
- Have strong skills in treating **anxiety and trauma**
- Have experience treating **children, adolescents, adults and families**
- Are trained or certified in **EMDR Therapy**
- Have a strong desire to help people, make a difference, and contribute to improving someone's life
- Are empathetic and have **strong active listening skills**
- Are a good team player and desire to empower others, both fellow teammates and clients
- Are a self-starter who is able to **work independently** and enjoy taking initiative and asking questions
- Are highly organized, detail-oriented, and prompt

Main duties include **engaging clients** toward treatment, **conducting assessments** and developing appropriate **treatment plans, conducting 45-min psychotherapy sessions, scheduling multiple client sessions (booking out)**, responding to phone and/or email inquiries from clients, completing case notes, and collaborating with other health providers as necessary.

Salary: \$55,000-\$65,000 per year based on experience

Benefits:

- Flexible schedule
- Paid time off
- Professional development assistance
- Bonus pay

COVID-19 Considerations:

- All individuals, regardless of vaccination status, are asked to wear a mask to promote the safety of others.
